Who we are

18 years of technology leadership, a thought leader in the industry

- ✓ **A leading provider of MAM solutions** (Media and Content Management) designed to maximize business efficiency and profitability.
- ✓ **A global company** with consistently, successfully delivered large, complex MAM/Content Management systems.

- ✓ **Technological innovation and industry leadership:** our multi awards winning company provides international broadcasters and global media companies with next-generation solutions for Media Management and business driven media workflow.

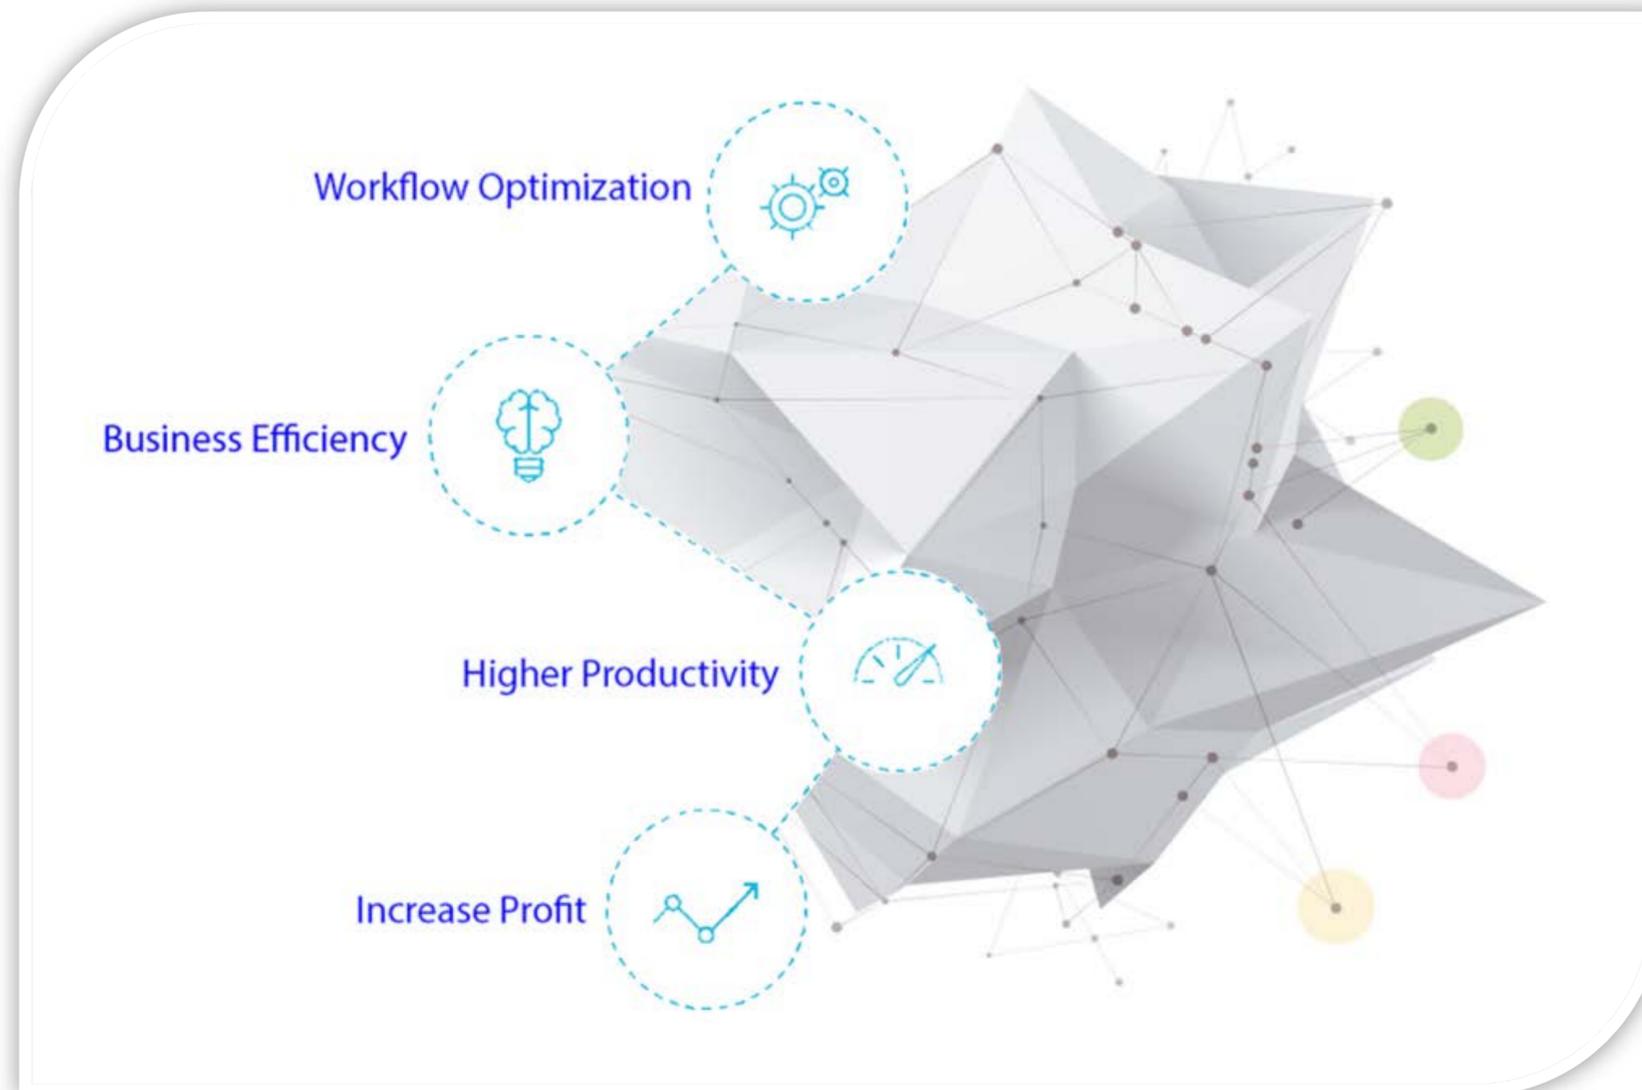

- ✓ **Tedral software enables end-to-end business media and entertainment orchestration**, marrying media preparation and logistics to a complete supply-chain operation, providing our clients **efficiency and profitability**.

- ✓ **Tedral solutions are designed to reinforce our customers position in a very competitive environment**, allowing them to increase margin and profit in a transforming industry where the consumer habits and demands for supply constantly evolve.

Mission

Tedial is dedicated to create true value in our customers' business model by supporting operations and automating process to enable **increased efficiency and profitability.**

TEDIAL HELPS YOUR BUSINESS GROW

Values

1

FLEXIBILITY

Tedial is an **independent company, flexible** in its commercial offer and customer service approach.

2

CLOUD READY

Tedial software is ready to **provide the latest technology** for cloud infrastructure, private, public or virtualized in external datacenters, as well as business models like subscription services, SAAS, etc.

3

INTEGRATION

Based on its expertise **in media management and hundreds of third party tool integrations**. Tedial solutions can be integrated into any other business or industry outside of the Media and Entertainment space, including Government, Banking, Retail, Healthcare, etc.

4

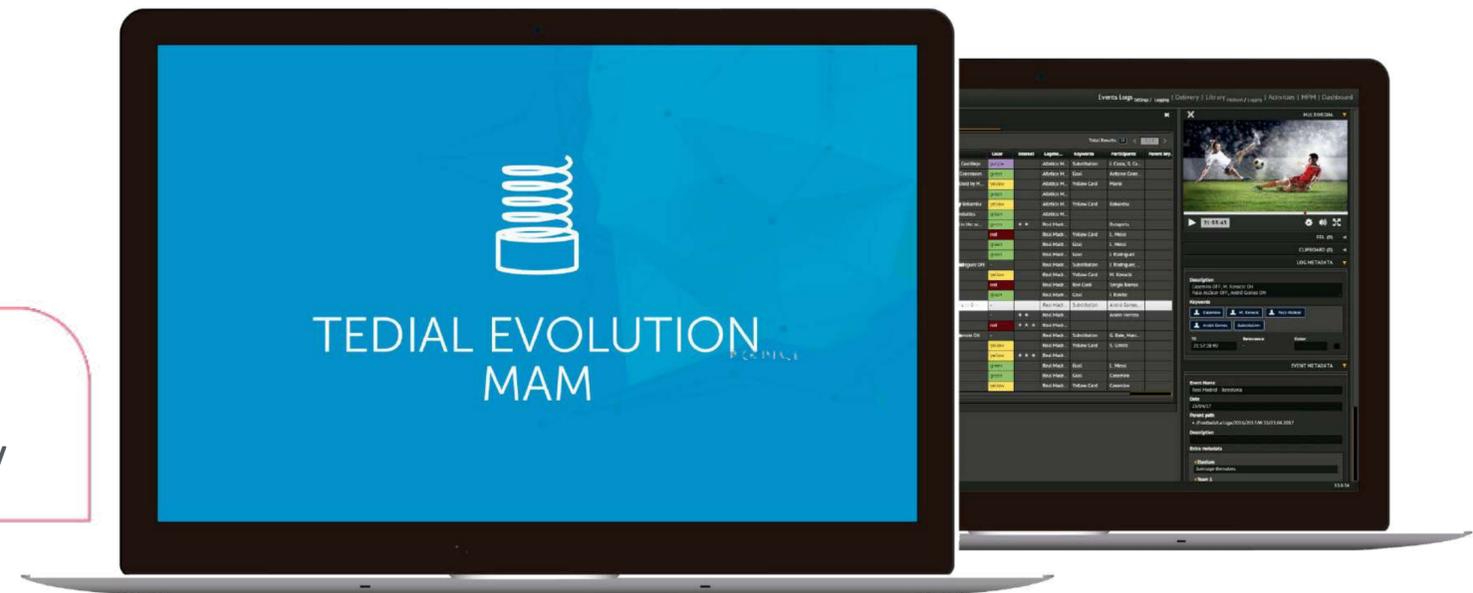

PARTNERSHIP

Tedial prefers to **work in partnership with our costumers**, as a technological partner more than just a supplier. Our team is accessible, creative, experienced, transparent and visionary, and they support our partners by working as part of the same team.

What we do

TedialTM Evolution

Tedial develops **media management solutions** that maximize business efficiency and profitability

Strategic leadership in **archive management tools, orchestration and media logistics.**
